Songshan
Cultural and
Creative Park

INTRO

Hello there!

Welcome to **Songshan Cultural and Creative Park (SCCP)** – a creative oasis in the heart of Taipei.

Originally built as the **Songshan Tobacco Factory in 1937**, the site was transformed in **2011** as one of Taipei's leading cultural hubs, where heritage architecture, green spaces, and creativity come together just steps away from Xinyi District and Taipei 101.

Today, SCCP is one of Taipei's most popular cultural landmarks, attracting over **11.5 million visitors in 2025**. Yet, with its large scale and hidden corners, many first-time visitors miss some of the park's most charming spots.

This guide introduces **five carefully selected hidden gems** to help you explore Songshan at your own pace, discover unique experiences, and create a memorable afternoon in Taipei.
